EXPERIENCE

Sanjay Ghodawat Group

Oct. 2025 – Jan. 2026

Web Development Intern – Learning & Development / GCC Division

Remote

- Designed and developed the Learning & Development (L&D) webpage with a structured, user-friendly layout.
- Built responsive UI components using HTML, CSS, Bootstrap, and JavaScript, collaborating with stakeholders to publish content.

PROJECTS

Gradient – Interns Tracker System | TypeScript, React, Supabase

- Developed a task and workflow management platform for intern performance tracking, with real-time task assignment, progress monitoring, and evidence-based evaluations.
- Designed role-based dashboards with role aware UI flows, built on a Supabase/Postgres schema.

Collectra – Secure Package Retrieval System | Next.js, Node.js, Express.js, PostgreSQL

- Built a full-stack platform to digitize manual order handling with QR-based identification, OTP-authenticated collection (Twilio), and JWT-secured REST APIs.
- Designed structured admin dashboard with live analytics dashboard (fetched fresh per view), timestamped audit logs, and automated overdue tracking for institutional order lifecycles.

Coco's Playground | JavaScript, React, Node.js, Socket.IO

- Developed a collaborative code editor for remote coding collaboration.
- Implemented real-time code synchronization across multiple users using Socket.IO, achieving near-instant updates via persistent WebSocket connections (Socket.IO)

SAHAY – AI Companion for Elderly Safety | Kotlin, Jetpack Compose, Node.js, ML Kit

HackSRM 7.0

- Built a full Android app with an elder-first UI, including **Genie**, a voice AI assistant that automates smartphone actions via natural speech using ElevenLabs.
- Integrated a decentralized medical storage backend (DataHaven) with ML Kit OCR for camera-based prescription scanning.

EDUCATION

SRM University, Andhra Pradesh

Aug. 2023 – May 2027

B.Tech. in Computer Science Engineering CGPA: 8.85/10

- **Latest Semester GPA:** 9.115/10
- **Achievement:** 2nd Place – Code for Connection Hackathon, Coding Club SRMAP
- **Certification:** Oracle Certified Java SE 17 Developer (1Z0-829)
- **Certification:** Red Hat Certified Specialist in Containers (EX188)

Skills

Languages: JavaScript, TypeScript, Java, Python, C++

Front-End: React.js, Next.js, Responsive UI Design

Back-End: Node.js, Express.js, REST API Design & Integration

Databases: MongoDB, PostgreSQL, MySQL

Tools & Version Control: Git, GitHub, Docker, Linux
